

Resolution.

All plans, work and cost towards the 'fill the gap' project be scrapped with immediate effect.

Proposed by Jason Mansell

Seconded by Glenn Rockwood

Explanation :

The proposed 'fill the gap' project is not what the club needs at this moment in time.

There are many other areas where the club could spend money, which would benefit the members immediately.

Projects such as Changing rooms, improvements to the club entrance, improved access for the disabled (for which I believe there has been a legacy fund set aside for).
