Government Announcement...

Sponsorship Packages

Aussie Open Competition

COVID-19 UPDATE

The Government are set to announce a roadmap out of lockdown later today. We will review the announcement together with the governing sporting bodies updates to ensure we can open as soon as possible and send further communication in a timely manner.

There has been a major shift into online marketing over the last 5 years, more so than ever during the global pandemic. With that being said we at WLTSC have launched an online social media Sponsorship proposal. Showcasing companies among our member base and utilising the great network of this club.

The package will be available to our members prior to going externally, for more information please review the attached documents.

A fascinating final week of the first grand slam of the year, with upsets, injuries and no fans for parts. It's had it all, however some fantastic tennis prevails. Noticeable performances from Greek 22 year old Stefanos Tsitsipas coming back from 2 sets down to beat Nadal 7-5 in the fifth! That's only the 3rd time Nadal has lost from being 2 sets up in his whole career. Further a tremendous tournament from Russian Qualifier Aslan Karatsev making the Semi Finals! Making this years final predictions more tricky than ever...

For the Men's and Women's finals we had over 25 score predictions so thank you everyone who got involved and we had 1 winner... Gerry Davies! Congratulations Gerry who takes home the £20 WLTSC Merchandise voucher on providing a knowledge masterclass predicting the closest on both with Barty 6-3,6-4 and Djokovic for straight sets! Watch this space with more competitions coming soon...
