The Countdown to Outdoor Tennis

The club opening for outdoor tennis comes ever closer, now just 2 weeks until we welcome you back. To celebrate we'd like to know some of your favourite memories and pictures of outdoor tennis in the past. Club champs always stands out as a superb club event and the pinnacle of outdoor tennis at WLTSC. We have a few images here to get you thinking...

Playing at the elite level through lockdown...

Member Nadia Rawson and Coach Tom Welsh have been hard at work over the last few months, with Nadia training and competing in the UK Pro League - Providing a chance for the best players in the country to compete through lockdown and still win prize money, and with Tom as her coach throughout this journey! Check out the UK Pro League website for more info: <https://www.ukproleague.com/>
Here we have a few words from Nadia and Tom regarding this unique experience:

Nadia:

"I'm really grateful to have the opportunity to compete when a lot of people are still not able to play at all so it's a massive privilege. WLTSC has given me a great base to play and train with Tom, especially as I was limited at Loughborough at the end of the year with no educational exemption for sport. I'm really happy to be a part of a club as I haven't had that feeling before and everyone is so friendly"

Tom:

"I've really enjoyed being part of the competition although not playing myself it has been great helping and watching Nadia whilst being around the UK's elite of the sport. The event is great to watch and has inspired me to play and compete more when restrictions allow it! I love WLTSC, the people, the place and just the feel of being part of a team is awesome. It's a privilege to work at such a great club. Without it Nadia and myself wouldn't have had a base to get the work done!"
